900 THIRD AVENUE  
NEW YORK, N. Y. 10022

HARMON C. McALLISTER, PH.D.  
RESEARCH DIRECTOR

March 7, 1991

Dr. Uriel Littauer  
Dept. of Neurobiology  
The Weizmann Institute of Science  
Rehovot 76100  
Israel

Dear Dr. Littauer:

The Scientific Director and CTR's staff have discussed your request for partial support of the International Congress of Biochemistry to be held in Jerusalem August 4-8. Because we already support the IUB and its programs through an annual contribution, we feel our limited resources for meeting support would be more optimally utilized by broader distribution of the funds.

We are fully aware of the consistently high quality of the Biochemistry Congresses and we wish you the best of luck in securing the needed funds.

Sincerely,

Harmon C. McAllister
